

Required docs for the supply of scrap metals and wastes

Before your first delivery, we kindly ask you to submit to us for review the following documents:

- Tax clearance certificate
- Company details from Tax Authorities App showing full company details, branch details and approved business activities.
- Last VAT declaration and proof of declaration from Tax Authorities App
- Statutes of company, changes and certificate of the Chamber of Commerce
- Operating license
- Environmental license
- Proof of registration in the Electronic Waste Register (IMA) with the registered EWC codes
- Bank letter certifying the IBAN number of the Supplier.

For the Collection and Transportation of wastes in Greece according to local legislation:

- Proof of the registration of your forwarder in the Electronic Waste Register (IMA) with the registered EWC codes.
- Insurance certificate showing that the forwarder is insured for the transportation of the specific wastes.

All deliveries must be accompanied by a dispatch note or/and an invoice, EWC must be specified on the accompanying doc.

Foreign companies are kindly requested to contact us so that we specify docs required according to the origin of the goods and the company.
